

REMARKS/ARGUMENTS

These Remarks are submitted in conjunction with the above preliminary amendment. The above preliminary amendment is made to better conform the pending claims with standard U.S. practice, e.g., eliminating the multiple dependencies of the claims. Applicants have also amended the specification and claims to correct the obvious typographical error in formula (I), (IA), and (IB). No new matter is added as a result of these amendments. Support for the amendments maybe found in the examples, the claims, and throughout the application as originally filed.

CONCLUSION

Entry of the foregoing and prompt and favorable consideration of the subject application on the merits are respectfully requested.

The Commissioner is hereby authorized to charge payment of any additional filing fees required under 37 C.F.R. §1.16 and §1.17 associated with this communication or credit any overpayment to the deposit account of Hunton & Williams, Deposit Account Number 50-0206.
